Kentucky 36 Years Ago

For 36 years the Standard Oil Company (Kentucky) has been identified with the business and economic life of the people of the State of Kentucky.

Incorporated in

It was incorporated under the laws of the State of Kentucky in the year 1886.

The Company's home office is located at Louisville, Kentucky And all its officers and directors, as well as a large part of its stockholders, are citizens of the State of Kentucky.

It operates at Louisville a most modern and efficiently equipped refinery--THE HOME OF NEW CROWN GASOLINE, "The Perfect Motor Fuel."

It operates 150 tank stations and service stations with every modern facility for the greatest possible convenience and service to the public.

It pays more than \$1,500,000.00 a year in salaries and commissions to its representatives in the State of Kentucky.

It pays approximately \$400,000.00 a year under the various city, state and county license and inspection laws of the State of Kentucky.

It maintains a large force of thoroughly dependable employes, whose cooperation, loyalty and efficiency have contributed largely to the building up and sustaining of its great state-wide service to the public.

Upon the superior quality of its products, its efficient organization and excellent service station and tank station system throughout the state, the Company hopes to merit the public's continued patronage and good will.

Consider the Door Communication on the Buick

Personally is present the sare with which Buick bodies are built and the attention given to details which contribute so much to ownership comfort.

An important frature on all Buick Closed cars is the SOLID STEEL LUG on the doors.

This device holds the door rigid—prevents its rattling no matter how rough the roads and prevents wear to the door lock. A characteristic occurence when the door is held only by the lock itself.

Ask your dealer to explain it to you.
